Signed By: TAHIRIH.LINZ@NAVY.MIL

Hi Kristin,

Two questions about the upcoming NFA letter for IR Site 12:

- 1) Will this letter be in response to the RACR? The FOST? Or just in general?
- 2) Will the Navy be able to review the draft letter before it gets circulated for signature?

Give me a call if we need to discuss – thanks!

Good morning.

Just wanted to let you know I talked to my supervisor. The letter will probably take a month or so with the management reviews. Our Executive Officer needs to sign it.

Hello Ms. Linz,

Kristin is out this week and will respond when she returns on Monday. I just wanted to follow up on this because it has come to our attention that we did not officially close this site in accordance with the CERCLA process, the No Further Comment letter is not the same thing as a No Further Action letter that completes the closure process. Additionally, the San Diego Water Board needs to start a 30-day public comment period on the proposed closure of this site, address any comments from the public, prior to issuing the No Further Action letter. Kristin will contact you next week to discuss the closure process and any information we may need to start the public comment period. Please contact Kristin or me if you have any questions on this process.

Hi Kristin,

Thank you for reviewing and responding to the Draft FOST. We have received correspondence from the City of San Diego on the Draft FOST submittal and one of their comments refers to the attached NFC letter.

Please let me know when you have an opportunity to discuss the contents of the letter with me.

I am available until 2pm today, before 1pm tomorrow, and any time after 12pm on Friday.

Thank you for your time!
